## Explanations

### KANKAKEE COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

### EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

For definitions of classifications not otherwise set out, the

classifications of pay set out, the Department will upon being  
contacted state which neighboring county has such a classification and  
provide such rate, such rate being deemed to exist by reference in  
this document. If no neighboring county rate applies to the task,  
the Department shall undertake a special determination, such special  
determination being then deemed to have existed under this  
determination. If a project requires these, or any classification not  
listed, please contact IDOL at 217-782-1710 for wage rates or
