

ORDINANCE NO. 18-05

AN ORDINANCE AUTHORIZING AQUA ILLINOIS, INC., ITS SUCCESSORS AND ASSIGNS, TO CONSTRUCT, OPERATE, AND MAINTAIN A WASTEWATER TRANSMISSION AND TREATMENT SYSTEM IN THE VILLAGE OF MANTENO

BE IT ORDAINED by the President and Board of Trustees of the Village of Manteno, Kankakee County, Illinois, as follows:

Section 1. In General.

1.1 That the right, permission and authority be, and the same are hereby granted to AQUA ILLINOIS, INC., an Illinois Corporation, its successors and assigns (hereinafter referred to as "Aqua"), to construct, operate, and maintain in the VILLAGE OF MANTENO (hereinafter referred to as the "Village"), State of Illinois, for a term of twenty (20) years, a system for the transmission and treatment of wastewater ("Wastewater System").

1.2 Aqua shall at all times take all reasonable and necessary steps to ensure adequate wastewater service and capacity to its customers within the Village consistent with the policies, regulations and tariffs adopted by the ICC and Aqua.

1.3 Aqua shall furnish wastewater service within the corporate limits of the Village to the Village and to the inhabitants thereof, and to any person or persons or corporation doing business in the Village. All such wastewater service shall be furnished at the rates and under the terms and conditions as provided from time-to-time by Aqua's tariff and rules, as approved by the ICC.

1.4 Except as may be permitted under the tariffs adopted by Aqua and approved by the ICC, Aqua shall not, as to rates, charges, service, facilities, rules, regulation or in any other respect, make or grant any preference or advantages to any corporation or person or subject any person to any prejudice or disadvantage; provided that nothing in this grant shall be taken to prohibit the establishment from time-to-time of graduated scales of charges and classified rate schedules to which any customer coming within an established classification would be entitled.

1.5 The Wastewater System shall be maintained in good condition. The Wastewater System shall be maintained in such a manner that it does not create hazardous conditions for the Public Ways or Public Property.

1.6 Not less than once a year, Aqua, at the Village's request, shall attend a meeting of the Board of Trustees to provide a status report of Aqua's activities within the Village during the previous year, to outline its planned activities for the next year, and to answer questions the Board of Trustees may have regarding Aqua's performance under this Ordinance. In addition,

Aqua agrees to provide the Village with any and all capital improvement plans associated with the Wastewater System that would have an impact on the Wastewater System facilities utilized to provide wastewater service to the Village.

1.7 The Village agrees to notify Aqua in a timely manner in writing of any ordinance, statute or court or administrative action that causes a change in the Village's boundaries. Failure to give such notice excuses Aqua both from non-compliance with this Ordinance and from the non-collection of municipal utility taxes, if any, within the area affected until such notice is given.

Section 2. Grant and Use of Public Ways and Public Property.

2.1 For and during the term of this Agreement, the Village hereby grants to Aqua the non-exclusive right to install and operate a Wastewater System in, upon, along, across and under the Public Ways and Public Property of the Village for the purpose of providing and distributing wastewater service for public use, subject to such other terms and conditions set forth in this Agreement and the rights of any other utility, person or entity currently having rights, licenses, easements or franchises in and about the Public Ways and Public Property

2.2

A. The rights granted to Aqua by the Village are and shall be at all times subordinate to the Village's use of the Public Ways and Public Property for public purposes, provided however, that the Village will use its best efforts to accommodate Aqua's need to provide consistent, efficient and reliable service and shall take action to minimize any undue burden on Aqua.

B. Within thirty (30) days after receipt of all permits, approvals and authorizations Aqua shall, at its own expense, begin to temporarily or permanently remove, relocate, change or alter the position of any Wastewater System in the Public Ways or Public Property whenever the Board of Trustees shall have determined that such removal, relocation, change or alteration: (1) is reasonably necessary for the construction, repair, maintenance, improvement or use of such Public Ways or Public Property; (2) is reasonably necessary for the location, construction, replacement, maintenance, improvement or use of other Property of the Village; or (3) is reasonably necessary for the operations of the Village. The Village agrees to engineer the projects in the Public Ways or Public Property either so as not to require any such removal, relocation, change or alteration or, if that is not reasonably feasible, so as to minimize Aqua's expenses in making such removals, changes or alterations. Aqua will not be responsible for the expense of removals, relocations, changes or alterations required by the Village for the purpose of assisting private projects.

2.3

A. In the event that any personal or real property or improvement lawfully located on or adjacent the Public Ways or Public Property is altered or damaged by Aqua or any of its contractors, agents or employees in connection with undertaking work pursuant to this Agreement, Aqua shall promptly, at Aqua's sole cost and expense, restore as nearly as practicable to their former condition the property or improvement which was so altered or damaged or, in the case of personal property and at the option of the owner, pay for the fair market value of the personal property damaged.

B. In the event that it can be demonstrated that any right-of-way, real property or fixed improvement thereon shall later become uneven, unsettled or otherwise require restoration, repair or replacement because of such disturbance or damage by Aqua, then Aqua shall promptly, but in no event longer than thirty (30) days after receipt of notice from the Village or the property owner, and at Aqua's sole cost and expense, restore as nearly as practicable to its former condition said property or improvement which was disturbed or damaged.

C. Should adverse weather conditions cause a delay in completing the work described in Section 2.3B, Aqua shall promptly notify the Village or the property owner immediately upon onset of the delay and provide an estimated date for such completion.

D. In regard to Village-owned or controlled property or facilities, any such restoration of the Village's right-of-way by Aqua shall be made in accordance with such materials and specifications as may, from time to time, be then provided for by ordinance or regulations of the Village and to the reasonable satisfaction of the Village Engineer, provided however, that such practices are consistent with practices prevailing in the industry.

E. If Aqua fails to restore the property in accordance with subsections 2.3A through 2.3D above, then the Village may, if it so desires, contract with a third party for such restoration or utilize its own work forces, to restore such property. Aqua shall pay the reasonable cost incurred by the Village for such restoration within thirty (30) days after the receipt of a written invoice for such cost, provided however, that any delay

(i) is not due to labor or weather conditions, strikes, material shortages, civil unrest or conditions outside of Aqua's reasonable control; or

(ii) is not due to the action of the Village or the Village's failure to take a specific action, including but not limited to issuance of any necessary permits.

2.4

- A. Prior to commencing any work in the Village, Aqua shall obtain any and all permits lawfully required by such codes and ordinances of general application of the Village for such work.
- B. When Aqua undertakes emergency work in traffic lanes of arterial or collector streets, Aqua shall provide immediate telephone notice to the Village official so designated by the Village President. Notice of emergency work in the traffic lanes of non-arterial or non-collector streets which blocks any portion of a lane for more than two hours or when restoration is required shall be provided within 24 hours of such work.
- C. In the event of an emergency which Aqua reasonably believes poses a threat of immediate harm to the public or to any of the Wastewater System, Aqua is hereby granted access to the Public Ways and Public Property, without a permit, to ameliorate the threatened harm. Aqua shall promptly advise the Village of the emergency.
- D. While used in the course of installation, repair and maintenance work on the Wastewater System, Aqua's vehicles shall be exempt from parking restrictions of the Village.

2.5

- A. Aqua shall not unreasonably nor unnecessarily obstruct the Public Ways or Public Property of the Village or private ways including private drives in connection with any of the work provided for in this Agreement.
- B. Aqua shall maintain such barriers, signs and warning signals as required by law, regulation or ordinance.
- C. Aqua shall comply with all federal and state laws and regulations applicable to its operations, as well as any local ordinances and regulations which are reasonable and consistent with good operational or construction practices.

2.6

- A. On an annual basis, the parties shall seek input from one another in the compilation of their respective three year capital improvement plans and in scheduling improvements.
- B. The Village and Aqua shall, on or before December 31 of each year, provide each other with a schedule of all planned work scheduled to be undertaken within the next succeeding one (1) year period.

2.7

A. The Village and Aqua agree to cooperate with each other in reasonably providing and making available, without cost to the other, such data and information with respect to the location of the Wastewater System of Aqua and the location of public improvements of the Village in the Public Ways or Public Property as may reasonably be required by the other to the extent such information is in existence and in the possession of a particular party. In no event shall this section 2.7 obligate either party to generate or compile such information.

B. The Village and Aqua recognize that information relative to the Wastewater System and other public infrastructure components as a whole could be used/misused to damage the health and safety of the people in the community. Both the Village and Aqua shall implement a process to prevent dissemination of this information to persons who may desire to misuse the information. If Aqua in its sole discretion is not satisfied with the prevention methods established, Aqua will not be required to submit the information. The Village agrees that no documents or information provided to the Village by Aqua in accordance with this Ordinance shall be made available to the public if such documents or information are exempt from disclosure under the provisions of the Freedom of Information Act or Section 5-108 of the Public Utilities Act, as such statutes may be amended from time-to-time.

2.8 No provisions of this Agreement shall be construed as preventing Aqua from asserting any and all rights it may have under law to undertake work with respect to its wastewater service supply and distribution system, or to use any easements or licenses for wastewater service or general public utility purposes which have been granted by any person, firm or company other than the Village and which are shown on any recorded plat or plats of any portion of the Village heretofore or hereafter platted or recorded, or on any other easement or license which heretofore or hereafter may be granted, or dedicated for any wastewater service or general utility purposes by any person, firm, or company other than the Village.

2.9 Aqua shall permit the Village, at reasonable times and upon reasonable notice, to inspect the Wastewater System within the corporate boundaries of the Village so as to determine whether Aqua is complying or has complied with the provisions of this Ordinance, other than those matters subject to the exclusive jurisdiction of the ICC.

2.10 The Village Administrator, or such other person as the Board of Trustees may designate from time-to-time, is hereby designated the official of the Village having full power and authority to take appropriate action for and on behalf of the Village to administer and enforce the provisions of this Ordinance and to investigate any alleged violations or failures of Aqua to comply with the provisions hereof or to adequately and fully discharge its responsibilities and obligations hereunder.

Section 3. Standards for Service; Emergencies.

3.1

A. Aqua shall render efficient service, make repairs promptly and interrupt service only for good cause and for the shortest time practicable. Such service shall be in accordance with the best practices of the industry and all applicable laws and regulations.

B. Aqua shall respond to wastewater service quality concerns promptly and shall respond to the customer within one (1) business day or such shorter time as the nature of the inquiry may dictate or as may be permitted under tariff and terms and conditions of service which are adopted and approved by the ICC.

C. All officers or employees of Aqua who, in the normal course of work, come into contact with members of the public or who require entry onto customer's premises shall carry a photo-identification card. Every vehicle of Aqua used in the construction, maintenance or service of the Wastewater System shall be clearly identified as working for Aqua.

D. If Aqua fails to materially meet EPA state and federal wastewater service quality standards then Aqua shall notify the Village as soon as reasonably possible after it has notice of the same.

E. Aqua shall make all reasonable efforts to notify the Village of major service interruptions (shutting down a portion of a wastewater service main which will interrupt service to not less than 20 customers for not less than one hour) within the Village within one hour after Aqua learns of such interruption. If, at the time such notification is made, Aqua is not able to provide an estimate of when service is expected to be restored, such information shall be provided to the Village as it becomes available

3.2

A. No less than 24 hours prior to beginning scheduled maintenance, scheduled repairs or other scheduled work on its Wastewater System that may result in an interruption of wastewater service to customers in the Village, Aqua shall make a good faith effort to provide written notice to potentially affected customers and to the Village of the scheduled time and estimated duration of the work. Aqua shall make a good faith effort to notify potentially affected customers and the Village prior to performing any emergency work on its Wastewater System that may result in an interruption of wastewater service to customers in the Village.

B. Aqua agrees to provide such services it deems adequate for the purposes of providing repair and maintenance services and shall have personnel available during office hours to address concerns the Village might have regarding the provision of

wastewater service and the administration of this Ordinance. Aqua shall provide the Village with the location and telephone number of the local office and the name and telephone number of an Aqua representative who shall be available at all times to answer questions from the Mayor and Village Administrator.

C. Aqua further agrees to provide the Village with 24-hour emergency service pertaining to the operation of the Wastewater System. Aqua shall provide the Village with the location and telephone number of the local office and the name of an Aqua representative that customers can contact 24 hours a day.

D. The Village agrees to provide Aqua with the name of the Village representative and the telephone number or numbers at which the Village representative can be reached 24 hours a day.

E. The Village and Aqua agree that each one will promptly notify the other party in the event that any of the information required under section 4.3 is changed, so as to keep such information current at all times while this Ordinance remains in effect.

3.3 In the event that the ICC opens a docket or proposes an administrative rule that (a) would directly affect Aqua and (b) would, in Aqua's opinion, be substantially inconsistent with or materially change any provision of or duty under this Ordinance, Aqua, within seven days of determining such inconsistency, shall notify the Village of such docket or proposed rule and the inconsistency. Aqua shall make a good faith effort to make such determination and to give such notice prior to the expiration of any intervention period or comment period.

3.4 In the event that Aqua becomes a party to any proceedings that (a) would directly affect Aqua and (b) would, in Aqua's opinion, be inconsistent with or change any provision of or duty under this Ordinance, Aqua, within seven days of determining such inconsistency, shall notify the Village of such proceeding and the inconsistency. Aqua shall make a good faith effort to make such determination and to give such notice prior to the expiration of any intervention period or comment period.

Section 4. Insurance and Performance Security.

4.1 Nothing in this Agreement shall be deemed a waiver of the normal permit and bonding requirements generally applicable to persons performing work in the Village's right-of-way.

4.2 During the term of this Agreement, at its own cost and expense, Aqua shall maintain in full force and effect insurance policies as enumerated below. All policies shall be written on an occurrence basis. The Village and its officers and employees shall be included as additional insured parties on the general liability policy on a primary and non-contributory basis for Aqua's operations under this Agreement. All policies will be written with insurance carriers qualified to do business in the State of Illinois rated A-VIII or better in the latest Best's Key

Rating Guide. Aqua shall provide the Village with certificates of insurance showing evidence the insurance policies noted below are in full force and effect and giving the Village at least thirty (30) days written notice prior to any material change in reduction in coverage, cancellation, or non-renewal except in the case of cancellation for non-payment of premium, in which case notice shall be ten (10) days. Any renewal certificates of insurance shall be automatically provided to the Village prior to policy expiration.

Types:

1) Workers' Compensation:

Coverage A: Statutory Limits

Coverage B: One million dollars (\$1,000,000) employer's liability limits for each accident or per disease, per employee. Said policies shall be endorsed to cover any Federal compensation acts if applicable.

2) General Liability: Combined single limits of at least one million dollars (\$1,000,000) per occurrence. General Liability Insurance shall include:

- a. Products and completed operations coverage.
- b. Contractor's Protective coverage.
- c. Personal Injury Liability coverage.

3) Automobile Liability: Combined single limits of at least one million dollars (\$1,000,000) per occurrence. Auto liability shall include hired and non-owned autos.

4) Umbrella Liability limits of at least one million dollars (\$1,000,000) per occurrence.

4.3 In the event that the Village expends funds as permitted under this Ordinance because of the failure of Aqua to perform as required, the Village shall be entitled to receive payment of such funds in an amount equal to 150% of the amount reasonably and actually expended by the Village.

4.4 Any self-insured retentions must be declared to and approved by the Village, which approval shall not be unreasonably withheld.

4.5 Work under this Agreement shall not commence until Aqua has complied with the aforementioned provisions of this section.

Section 5. Regulation by ICC

5.1 The Village and Aqua acknowledge the jurisdiction of the ICC over Aqua, as a public utility (wastewater service utility).

5.2 The Village and Aqua recognize that information relative to the Wastewater System and other public infrastructure components as a whole could be used/misused to damage the health and safety of the people in the community. Both the Village and Aqua shall implement a process to prevent dissemination of this information to persons who may desire to misuse the information. If Aqua in its sole discretion is not satisfied with the prevention methods established, Aqua will not be required to submit the information.

5.3 Aqua shall notify the Village of any applications Aqua may make to the ICC to effectuate any change in its rates, including the riders thereto. The notice shall be sent no later than two business days following the date on which the rate application is accepted for filing by the ICC. For each rate or charge affected by the application, the notice shall contain a statement of the existing rates or charges and all proposed rates or charges. If the proposed rates or charges are to be phased in over a period of time, the notice shall also contain a statement of the proposed rates or charges for each increment and the time period each incremental increase is to be in effect. Upon the written request of the Village, Aqua shall send the Village a copy of the complete application filed with the ICC. This provision shall not apply to applications filed solely for the purpose of effectuating municipal utility taxes.

Section 6. Hold Harmless.

6.1 Aqua shall indemnify, defend, and hold harmless the Village, its boards, committees, commission, officers, agents and employees from any and all actual or claimed loss or damage to property or injury to or death of persons or for loss or damage to property of Aqua, its officers, agents, employees, licensees and invitees in the Public Ways or on Public Property or for injury to or death of any such employee, agent or licensee while in the Public Ways or on Public Property where such claim is caused or results from any negligent act or omission act or omission of Aqua or any person acting on its behalf .

Section 7. Payments.

7.1 During the term of this Agreement, if the Village so notifies Aqua to undertake, Aqua will pay to the Village one percent (1.0%) of all amounts billed for wastewater service (exclusive of amounts associated with franchise costs and add-on taxes, interest, penalties or connection charges) provided to customers which reside within the boundaries of the Village. The payments if so required by Section 7 hereof for wastewater service provided shall be made annually on or prior to April 1 of each year based on amounts billed for wastewater service for the prior year (exclusive of amounts associated with franchise costs and add-on taxes, interest, penalties or connection charges).

Section 8. Village Reservation of Rights.

8.1 The Village expressly reserves the right to adopt, from time-to-time, in addition to the provisions contained herein, such ordinances, rules and regulations as the Board of Trustees may deem necessary in the exercise of the police power for the protection of the health, safety and welfare of the Village's citizens and their properties.

8.2 The Village expressly reserves the right to enforce reasonable regulations concerning access to or use of the Public Ways or Public Property, as may from time-to-time be provided by ordinance, including requirements for permit applications.

8.3

A At any time while this Ordinance remains in effect, upon written notice from the Village to Aqua, the Village may offer to purchase from Aqua any or all of the Wastewater System located within the Village, or any lesser interest thereof, free and clear of all mortgages and other liens in any manner provided for by law.

B Nothing herein shall be deemed or construed to impair or affect, in any way or to any extent, the right of the Village to acquire the property of Aqua, either by purchase or through the exercise of the right of eminent domain, and nothing herein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the Village's right of eminent domain.

C In the event the Village takes any action pursuant to this Section 9.3, Aqua agrees that it shall continue to supply wastewater service within the Village and shall continue to comply with the provisions of this Ordinance until the acquisition of the Wastewater System has been finalized and the ICC has authorized Aqua to discontinue service within the Village.

8.4

A. Nothing in this Ordinance shall be construed to grant Aqua an exclusive franchise to operate within the corporate limits of the Village.

B. The Village reserves the right to make a similar use or grant a similar use in the Public Ways and Public Property to any other person.

C. The Village agrees to require all other contractors, subcontractors, franchisees, licensees and permittees in the Public Ways and Public Property not to interfere unreasonably with the rights of Aqua in the Public Ways or Public Property.

8.5 Nothing in this Ordinance shall be construed as a waiver of the Village's rights to own and operate a wastewater service utility in competition with Aqua or to acquire any or all of Aqua's Wastewater System in such manner as may from time-to-time be provided by law.

8.6 Nothing in this Ordinance shall be construed as a waiver, or otherwise diminish or supersede, the Village's rights or privileges as set forth in the Asset Purchase Agreement (the "APA") dated September 18, 2017, and said APA shall be deemed incorporated herein by reference, and shall govern over the terms and provision of this Ordinance, to the extent deemed more favorable to the Village.

Section 9. Acceptance of Agreement.

9.1 Aqua shall accept this Ordinance by filing with the Village Clerk an unconditional written acceptance hereof, to be duly executed according to law.

9.2 This Ordinance shall have the effect of and shall be a contract between the Village and Aqua and shall be a measure of the rights and obligations of the Village as well as of Aqua.

9.3 Aqua and the Village understand that the general operations of Aqua are under the jurisdiction of the ICC. Aqua has voluntarily agreed to perform the duties and obligations set forth in this Ordinance, provided that such performance does not currently violate any applicable regulatory standard or any applicable statutes, ordinances, or judgments or decrees of administrative or judicial tribunal. In the event that a regulatory standard, statute, ordinance, judgment or decree renders, or an administrative or judicial tribunal determines that any particular obligation hereunder is unlawful, Aqua shall be relieved from performance of such obligation.

9.4 No privilege or exemption is granted or conferred to Aqua by this Ordinance unless specifically provided herein. The permission and authority granted by this Ordinance are not intended to limit or modify any agreement, franchise, license or permit previously granted by the Village to any other person for the use or occupancy of the Public Ways and Public Property, and Aqua shall therefore exercise the rights granted by this Ordinance in such a manner as shall neither unreasonably interfere with the rights, nor endanger or impair the property, of other contractors, franchisees, licensee and permittees in the Public Ways and Public Property, provided however, that the Village has advised Aqua of the existence of such competing interests.. The Village agrees to require other contractors, franchisees, licensees and permittees of the Village to exercise their rights under such agreements, franchises, licenses and permits in such a manner as shall neither unreasonably interfere with the rights nor endanger or impair Wastewater System of Aqua located in the Public Ways and Public Property.

9.5 Unless specifically provided to the contrary, Aqua shall be responsible for procuring, through rates or otherwise, the revenues necessary to meet the expenses of its performance under and its compliance with this Ordinance.

9.6

A. In the event that Aqua accepts from any Illinois municipality located in Kankakee or Will County, a wastewater service ordinance or amendments to an wastewater service

ordinance containing terms, conditions or provisions which are materially different from those contained in this Ordinance, or if any other arrangement is at any time made with any such municipality which is materially different from this Ordinance, the Village may and Aqua agrees it will accept amendments to this Ordinance granting substantially similar terms and conditions in accordance with any such ordinance.

B. In the event that the Village grants any benefit to any other wastewater service utility regarding the use of the Public Ways and Public Property, such benefit shall be offered in writing to Aqua, under the same terms and conditions, within 30 days after it has been granted to such other wastewater service utility. If Aqua requests the extension of the benefit to it, the Village will take such steps as to provide such benefit to Aqua under the same terms and conditions, including amending this Ordinance accordingly.

Section 10. Successors and Assigns.

10.1 All provisions of this Agreement which are obligatory upon, or which inure to the benefit of, Aqua shall also be obligatory upon and shall inure to the benefit of any and all successors and assigns of Aqua, and the word "Aqua" wherever appearing in this Agreement shall include and be taken to mean not only Aqua Illinois, but also each and all of such successors and assigns.

10.2 Except in the event of the merger, consolidation or reorganization of Aqua, Aqua shall not have the right to assign its rights and privileges under this Ordinance or to otherwise transfer it in any manner whatsoever, without the prior written approval of the Village, pursuant to an ordinance enacted by the Mayor and Board of Trustees.

10.3 In the event of a transfer or assignment of Aqua's rights and privileges under this Ordinance, all provisions of this Ordinance which are obligatory upon, or which inure to the benefit of, Aqua shall also be obligatory upon and shall inure to the benefit of any and all successors and assigns of Aqua.

Section 11. Effective Date.

11.1 This Ordinance shall be in full force and effect upon Aqua's filing of its acceptance as provided hereinabove or upon its passage and publication as required by law, whichever is later, provided that the Village and Aqua have entered into a contract for the sale of the Wastewater System to Aqua.

Section 12. Cause of Action.

12.1 No rights or causes of action shall accrue under this Agreement, or any other ordinance or agreement between the parties relating to the furnishing of wastewater service to anyone other than Aqua, its successors and assigns and the Village.

Section 13. Miscellaneous.

13.1 In addition to any other remedy available to it pursuant to this Agreement or in law or equity, the Village shall have the ability to issue citations to Aqua should Aqua fail to correct a violation of the terms and conditions of this Ordinance following issuance of a notice. Prosecution and disposition of such citations shall be in the same manner as other Village ordinance violations.

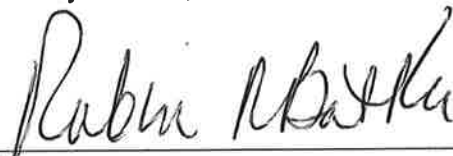

13.2 While this Ordinance remains in effect, Aqua shall promptly and fully comply with all applicable statutes, ordinances, judgments, decrees, orders, rules and regulations of the ICC.

13.3 While this Ordinance remains in effect, Aqua shall promptly and fully comply in all material respects with all applicable orders, rules, regulations and ordinances of the Village.

13.4 If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

PASSED by the President and Board of Trustees of the Village of Manteno, Illinois and deposited in the office of the Village Clerk this 18th day of June, 2018.

DEPOSITED with the Village Clerk
this 18th day of June, 2018.

ROBIN BATKA, Village Clerk

APPROVED by me this 18th
day of June, 2018.

TIMOTHY O. NUGENT, Village President
